Family involvement in a child's learning is a fundamental cornerstone of the Kindermusik philosophy: that the parent is the child's most important teacher, and the home is the most important environment for a child's learning to take root and grow. To extend learning at home, all Kindermusik curricula include the highest quality home materials including music CDs, instruments, and interactive activities

If there is a discipline problem in class, we ask that you take your child out of the room briefly. We will continue the class and you will be welcome to come back in as soon as you can. **It is also just fine for a child to "sit out" for some of the activities.** We never force a child to participate if they don't wish to do so. You will find they will join in the fun when they're ready. Even if they don't participate in class at all, they are still learning. Our main goal is to have a happy class from start to finish. Let us know if we can give any suggestions if you have a problem. **As we all know, children have "bad" days just like we do.**

Thank you for the confidence you have placed in us as licensed Kindermusik professional educators. The teachers and I are thrilled to have you and your child in our program at JWSM. Sharing music together is an awesome way to bond with your child. It is our pleasure to serve your family.
