

# STOMP

Winter  
Classes  
Wednesdays  
4:00 and  
5:15

(instruments provided by instructor)

**Stomp One** ages 5-8 5:15 pm to 6:00 pm \$60

In this class, we focus on fun physical expressions of rhythm in music. This is a wonderful introduction to rhythm class for the beginning musician. Some music we have performed includes The Little Drummer Boy, I Feel Good (James Brown), Shackles (Mary, Mary). Many percussion instruments are available and individual creativity is embraced.

**Stomp Two** ages 9-14 4:00 pm to 5:00 pm \$65

Here, class performances reflect the imaginations of individual participants in choices of music and movement. The fact is, intermediate musicians bloom here and develop more camaraderie where their creativity is encouraged by interactive group synergy. Beat It (Michael Jackson), Christmas Eve Sarajevo (Trans Siberian Orchestra), Trashin' the Camp (Tarzan) have been teaching tools in this class.

A fun way  
to introduce  
rhythm to  
musicians and  
performers!

**Chris Kearney**

In addition to teaching at Jan Williams School of Music for over 7 years, Chris has taught music ever since high school where his own private percussion coach helped him get started by giving him his beginning students.

From marching with the University of Iowa Marching Band in big ten stadiums in college to 20 years later playing in Pro Football stadiums as a professional Team musician with The Billy Graham Association for 8 years, Chris brings a wide range of musical experience.

He has been session and live drummer for various artists: Darlene Zschech, Kerry Livgren, Charlie Daniels, Paul Overstreet, Lee Greenwood, Steve and Annie Chapman, Bill Gaither, Steve Taylor, Christ Church Choir, and Opryland Productions. His wife Jamie joined him in the Nationally-recognized Contemporary Christian band Bash-n-the-Code through the 1980's. They continued on as family worship artists, and family retreat worship/speakers in 2005-6 at the Cove Camp at the Billy Graham Training Center in Asheville NC.
